

Galipette

Furniture for little ones

2021 Collection

FRENCH MANUFACTURER

A passion Made in France

A Cautier group brand, Calipette aspires to provide the best possible environment for little ones aged 0 to 5 years. That means putting our furniture through a stringent design and production process that encompasses our regional Vendée know-how, trustworthy partners, and selected French timbers that we use for our panels... Because you can never have too many good fairies gathered around a cradle!

Committed to eco-friendliness

Wood is an incredible resource – it can be crafted into a little train, a doll's house, a cradle, a decorative item and much more... Here at Calipette, working with this gift from nature entails commitments:

- All our wood comes from sustainably managed forests, **located 300 km at most from our factories in the Vendée region of western France.** Most of it carries the PEFC label (Pan European Forest Certification).
- Our panels, which are also produced in our Vendée factories, are made from **50% new** and **50% recycled wood.**
- Our **water-based lacquers and varnishes** contain no Volatile Organic Compounds (VOCs) or solvents and are odour-free.

All for a quality environment, from the forest to baby's bedroom!

300km Max.

50%/50%

Our lovely bedrooms

Conceived to offer little ones a safe and harmonious cocoon, Calipette bedrooms evolve during your baby's early years thanks to modular furniture: adjustable beds with quality slatted bases, removable changing boards that fit onto chests, and wardrobes with reversible interior fittings...

Designed to grow in tune with children, Calipette furniture is also built to last: tested at every stage of production, fully compliant with European standards, robust, and easy to assemble/dismantle. All for the wellbeing of infants and toddlers, and the comfort of slightly more senior residents!

Anatole

New for 2021

The Anatole collection has been conceived in a natural, modern style. Each item features cute curves and gives baby's bedroom a super soft and gentle mood. And the delicately crafted white knobs underscore this room's original character.

The adjustable bed

The Anatole convertible bed easily adapts to cater for the learning activities of very little ones as they grow.

And with the optional base panels, it's child's play to switch from a baby bed to the junior version!

 0-36 MONTHS

 3-5 YEARS

With an elegant little touch

The Anatole adjustable baby/child bed delivers style and elegance with its solid-wood looks and rounded corners for that gentle touch.

Space saver

The Anatole small bookcase is designed to slip behind the changing chest.

This duo – timeless in looks, space-saving in function – will slot easily into your child's bedroom.

Modular and modern, the Anatole wardrobe is the ideal storage solution for a child's bedroom.

Elegant and timeless, it lets you store and protect all the belongings of infants and older children.

Growing more self-sufficient

The hanging unit is easy to use for parents, but also for children as they become more self-sufficient.

Prepare older children's outfit the night before, so in the morning they can get dressed on their own, or with help, before going to school!

The Anatole toy or book chest will win you over with its toolbox-style design.

A central divider lets you position books facing your child, who can simply help themselves.

Anatole

FINISH

Structured oak.

STRUCTURE

Frames and fronts: particleboard panels covered with structured oak effect foil.

Edges: same finish, some rounded.

ABS on the console surround; and on the top of the chest, the changing board and the baby bed.

Certain items: MDF panels with structured oak and white effect varnish.

Railings: solid beech with oak varnish.

Bed base: solid beech with beech plywood slats.

OTHER ELEMENTS

Knobs: white lacquered beech

ECOLOGY

Our company is introducing low-formaldehyde content panels to ensure a healthier living environment. This collection is made with engineered wood panels containing less than 4mg of formaldehyde per 100g, which is two times lower than the requirements of the strictest European standard (EN 13986).

ORIGIN

Our furniture is made in our factories in Vendée, France, except for the cot rails and bed bases, which are manufactured in the European Union.

Sacha

Straight lines wedded with cute curved corners give this bedroom a soft yet contemporary atmosphere. For a Scandi style, opt for the bleached pine finish. If you fancy a warmer mood, choose the country oak finish.

The adjustable bed

0-36 MONTHS

3-5 YEARS

Two wood finishes for a soft and contemporary setting

In Ida Pine (bleached wood)
for a Scandi atmosphere,
or country oak for a warmer mood.

BLEACHED PINE

COUNTRY OAK

Two bookcases can slip behind the chest when the changing board is fitted on it.
Available in both finishes.

The alcove shelf, for that finishing touch!

For a baby bedroom with impeccable style and a strongly consistent look, let yourself be tempted by this adorable alcove shelf.

The adjustable compact bed

To make life as easy as can be, and turn your baby's bedroom into a design gem where each piece of furniture is ideally positioned, we have come up with the adjustable compact bed.

An all-in-one unit

Our bed combines – in a single item of furniture – all the functions you will need to look after your baby:

- A cot, with a base that has two height settings.
- A storage chest with two large drawers.
- A changing board.
- Several compartments on the rear side of the unit, or storing baby's clothes.
- And a 140 cm base panel to turn the cot into a 70x140 cm day bed.

A unit that evolves into a child's bedroom

It can be transformed into a junior bed (90 x 200 cm),
a three-drawer chest, a desk with cupboard,
and a large bookcase.

You are sure to melt for the original design
of this tree-style bookcase, which provides
extra storage space in your child's bedroom.

Marcel

Looking for a nursery in an elegant and contemporary style for your baby? Your wishes are granted with the Marcel collection by Calipette. A beautiful blond oak finish on the various units in this nursery, providing spacious storage.

Stylish and practical, the Marcel cot grows with your baby

The base is height-adjustable for picking baby up. Once baby becomes more independent, remove the railings, position the panels and your cot converts into a junior bed to delight your child!

The solid beech base slats also help provide well-being and comfort for your baby.

0-36 MONTHS

3-5 YEARS

Nursery essentials: the chest and changing board

With its three drawers, the Marcel chest can be combined with the changing board to create two units in one.

An ingenious piece of furniture for storing clothes and changing baby at the same time. To avoid disturbing baby's sleep, the drawers have soft-close mechanisms.

A small bookcase to fit behind the chest can also be added for extra storage!

Attractive storage ideas

The knobs enable parents and children to hang up clothes, items or soft toys!

A 2-door wardrobe, a large 3-door wardrobe with drawer and mirror, an additional rail for clothes... this collection is full of storage!

Céleste

Because your baby will grow quickly – and so will their needs – this collection evolves in tune with your child!

With looks that are both understated (snow-white tones) and contemporary (natural chestnut handles), Céleste lets you arrange baby's bedroom just how you like, without your little one losing their belongings.

A cute adjustable bed from 3 years onwards

Because sleeping well is essential for healthy growth, you will be swayed by this extendable piece of furniture. Once your child turns 3, remove the bars and fit the panels.

The cot is thus transformed into a little bed, keeping your child perfectly content!

 0-36 MONTHS

 3-5 YEARS

Chest with changing board: essential items for baby's room

Wave goodbye to bits and bobs scattered around the room. Thanks to our 3-drawer chest with integrated handles, you can now put all baby's things away.

You can also equip the chest with a changing board, and add a small bookshelf at the back for some extra storage space.

A 3-in-1 cabin for original decoration

What could be nicer than a cabin bed,
combining comfort and originality?

Round off decorating the cocoon where your child
will thrive during their early years.

The Céleste cabin is much more than just a style feature: it's
also cleverly designed – converting into a hanging unit,
a headboard or a desk to meet your needs or preference.

Headboard version

Hanging unit version

Desk version

The compact bed

Our bed combines – in a single item of furniture – all the functions you will need to look after your baby:

- A 70x140 cm cot, whose base has two height settings.
- A storage chest with two large drawers.
- A changing board.
- A small storage unit with a hanging rail for baby's clothes.
- A bench seat with a large storage drawer underneath.
- And a 140 cm base panel to turn the cot into a 70x140 cm day bed.

0-36 MONTHS

3-5 YEARS

What makes this unit original is the bench seat next to the cot, which lets a breast-feeding mum sit close by.

This seat also lets parents sit down to read a story while baby is falling asleep, possibly accompanied by an elder brother or sister.

This convertible compact bed turns into a proper child bedroom with a 90x200 cm bed and a desk.

Only the 70x140cm bed base is included.
To convert it into a junior bed, a 90x200cm base is needed..

The unit converts into a junior bed (90x200cm base not included) and a desk.

The 90x200cm bed can be assembled without the base panel.

Eliott

Modern and practical, the Eliott nursery is truly unique. This innovative collection boasts solutions for little ones that grow with them. Eliott features ice grey and oak colours for timeless styling. These soft colours combine with the understated design to make this child's bedroom into a haven for your child to grow, learn and develop.

A cot bed for a great night's sleep

Simple and understated with its soft ice grey colour, the Elliott cot bed guarantees your child gets a great night's sleep during the first years of his life.

This convertible bed provides well-being and safety from birth up to age 5.

 0-36 MONTHS

 3-5 YEARS

Clever 3-in-1 box

Designed to save space in the bedroom, the Elliott toy box slides underneath your child's bed.

With its removable top and four castors, it can also act as a desk stool or seat for reading bedtime stories with your little one.

Stimulate your child's creativity with the slatebookcase

Eliott also offers a low bookcase so that your child can put away their own books and hide their treasures safely.

Equipped with a blackboard, it's ideal for their first masterpieces!

And for his first drawings...

A desk for study time with height-adjustable legs making it suitable for little ones.

Les Nanouks

Blast off into space with the Nanouks family! Nouk, Nanouk and their daddy Mik are three cheerful penguins who love to dream. They get out and about, play basketball and float amongst the stars in search of the very best fish in space.
